

AGENDA
A meeting of the Council of the Corporation
of the Town of Northeastern Manitoulin and the Islands
to be held on Tuesday, October 7, 2025
at 7:00pm

1. Call to Order

2. Approval of Agenda

Disclosure of Pecuniary Interest & General Nature Thereof

3. Minutes of Previous Meeting

- i. Confirming By-Law 2025-32

4. Planning Applications

- i. Consent Application – Martian Properties, file Con 2025-07

5. New Business

- i. Update from Economic Development Officer – Cory Pellend

6. Minutes and Reports

- i. DSSAB second quarter report
- ii. OPP Detachment reports

7. Adjournment

**THE CORPORATION OF THE TOWN OF
NORTHEASTERN MANITOULIN AND THE ISLANDS**

BY-LAW NO. 2025-32

Being a by-law of the Corporation of the Town of Northeastern Manitoulin and the Islands to adopt the minutes of Council for the term commencing November 15, 2022 and authorizing the taking of any action authorized therein and thereby.

WHEREAS the Municipal Act, S.O. 2001, c. 25. s. 5 (3) requires a Municipal Council to exercise its powers by by-law, except where otherwise provided;

AND WHEREAS in many cases, action which is taken or authorized to be taken by a Council or a Committee of Council does not lend itself to an individual by-law;

NOW THEREFORE THE COUNCIL OF THE CORPORATION OF THE TOWN OF NORTHEASTERN MANITOULIN AND THE ISLANDS ENACTS AS FOLLOWS:

1. THAT the minutes of the meetings of the Council of the Corporation of the Town of Northeastern Manitoulin and the Islands for the term commencing November 15, 2022

September 16, 2025

September 18, 2025

are hereby adopted.

2. THAT the taking of any action authorized in or by the minutes mentioned in Section 1 hereof and the exercise of any powers by the Council or Committees by the said minutes are hereby ratified, authorized and confirmed.
3. THAT, where no individual by-law has been or is passed with respect to the taking of any action authorized in or by the minutes mentioned in Section 1 hereof or with respect to the exercise of any powers by the Council or Committees in the above-mentioned minutes, then this by-law shall be deemed for all purposes to be the by-law required for approving and authorizing the taking of any action authorized therein or thereby or required for the exercise of any power therein by the Council or Committees.
4. THAT the Mayor and proper Officers of the Corporation of the Town of Northeastern Manitoulin and the Islands are hereby authorized and directed to do all things necessary to give effect to the recommendations, motions, resolutions, reports, action and other decisions of the Council or Committees as evidenced by the above-mentioned minutes in Section 1 and the Mayor and Clerk are hereby authorized and directed to execute all necessary documents in the name of the Corporation of the Town of Northeastern Manitoulin and the Islands and to affix the seal of the Corporation thereto.

READ A FIRST, SECOND AND THIRD TIME AND FINALLY PASSED THIS
7th day of October, 2025

Al MacNevin

Mayor

Pam Myers

Clerk

The Corporation of the Town of Northeastern Manitoulin and the Islands
Minutes of a meeting of Council held Tuesday, September 16, 2025
at 7:00p.m.

PRESENT: Mayor Al MacNevin, Councillors: Patti Aelick, Al Boyd, Dawn Orr, Mike Erskine, and George Williamson, Dawn Orr, William Koehler, Laurie Cook

ABSENT: Councillor Bruce Wood

STAFF PRESENT: David Williamson, CAO
Pam Myers, Clerk

Mayor MacNevin called the meeting to order at 7:00 p.m.

Resolution No. 181-09-2025

Moved by: M. Erskine

Moved by: D. Orr

Seconded by: B. Wood

RESOLVED THAT the Council of the Corporation of the Town of Northeastern Manitoulin and the Islands does now adjourn at 7:28 pm.

Carried

Al MacNevin Mayor

Pam Myers Clerk

Project: Application for Consent
File #: Con 2025-07
Owner: Martian Properties
Legal: 120 Harbour View Road
PT Lot 22, Concession 12, RP 31R3234 Part 1

PURPOSE OF THE APPLICATION

Purpose of this application is to sever the subject lands into two parts and to register a mutual access easement over the gravel driveway for vehicle circulation.

Official Plan

Designation –Rural

Zoning

Designation –Industrial

Comments from agencies

No comments were received from outside Ministries

Comments from the Public

No comments were received for the Public

When Considering Approval, we should consider:

A. Consents

A consent shall only be considered where a plan of subdivision is deemed to be unnecessary, where the application conforms with the policies of this Plan, is consistent with the Provincial Policy Statement, and the consent will generally not result in the creation of more than five new lots on a lot that existed prior to the date of adoption of this Plan, and it does not necessitate the creation of a new municipal road, or the extension of municipal services.

Council shall provide input on municipal conditions of approval for consents.

The proposed lot and retained lot shall have frontage and access on to an opened and maintained public road, or have private road or water access in compliance with the policies of this Plan.

MTO's policy is to allow only one highway entrance for each lot of record fronting onto a provincial highway. MTO will not allow backlots to create a second entrance on the highway. MTO will not support a consent to separate a home-based business from a residential use which would result in separate entrances for the business and residential parcels.

Lots will not be created which would create a traffic hazard due to limited sight lines on curves or grades.

The lot area and frontage of both the lot to be retained and the lot to be severed will be adequate for existing and proposed uses and will allow for the development of a use which is compatible with adjacent uses by providing for sufficient setbacks from neighbouring uses and, where required, the provision of appropriate buffering.

The proposed lot(s) will not restrict the development of other parcels of land, particularly the provision of access to allow the development of remnant parcels in the interior of a block of land.

The proposed development will be serviced in accordance with the policies of Section E.

Remarks to approval considerations.

This application does not constitute a need for a subdivision

Park land dedication will not be required.

Suggested Conditions if Approved – to be filed within two years of the Notice Decision for certification

Transfer of landform prepared by a solicitor and a schedule to the transfer of landform on which is set out the entire legal description of the parcel,

Easement and Easement agreement will be registered on title.

The applicant must deposit a Reference Plan of Survey in the Land Registry Office clearly delineating the parcels of land approved by The Town of Northeastern Manitoulin and the Islands in this decision and provide the Town Office with a copy.

Prior to final approval by the Town of Northeastern Manitoulin and the Islands, the owner provides confirmation of payment of all outstanding taxes.

9. Land Use

What is the existing Official Plan designation Rural

What is the existing zoning General Industrial (M)

10. Please check any of the following use or features on the subject land or within 500 meters of the subject land

Use or Feature	On the Subject Land	Within 500 Metres (Specify distance)
Agricultural operation, including livestock facility or stockyard		
Utility Corridor	✓	
A landfill, active or closed		
A sewage treatment plant or lagoon		
Provincially significant wetland or Significant coastal wetland		
Significant wildlife habitat and/or habitat of endangered species and threatened species		
Fish Habitat		
Flood Plain		
Mine site, active, rehabilitated or abandoned or hazard		
An active aggregate operation within 1km		
A contaminated site or a gas station or petroleum /fuel storage		✓ (On proposed severed lot)
An industrial/commercial use (please specify)	Warehouse, accessory office	
Known archaeological resources or areas of archaeological potential		

11. History of Subject Land

Has the subject land ever been the subject of any other planning applications?

☐ Official Plan Amendment ☐ Zoning By-law amendment ☒ Consent Application ☐ Subdivision/Condominium Application

Provide details of application and decision: RM71059: creation of a lot, 2003

12. Former Uses of Subject land and Adjacent Land

Has there been industrial or commercial use on the subject or adjacent land?

☒ Yes ☐ No

Has the grading of the subject land been changed by adding earth or other material?

☐ Yes ☐ No Unknown

Has a gas station or the storage of petroleum been located on the subject land?

☒ Yes ☐ No On proposed severed lot

Is there reason to believe the subject /adjacent land may have been contaminated by a former use

☐ Yes ☐ No Unknown

Has an Environmental Site Assessment or Record of Site Condition been filed?

☐ Yes ☒ No

13. Are there currently any other applications on the subject property?

☐ Yes ☐ No

Please describe application and status.

Concurrent consent application for severance, and access easement benefitting the subject property.

2nd Quarter CAO Activity Report - September 18, 2025

2025 Second Quarter CAO Activity Report September 18, 2025

The following is the most recent consolidated Quarterly Report that the DSB will be sending to member municipalities and posting on the public website. Expect Quarterly Reports in February, May, September, and November of each year.

The program statistics are provided separately and updated monthly. They are available on the website by clicking the following link: [Monthly Program Statistics](#)

CAO Overview

The DSB 2025 Second Quarter (Unaudited) Financial Report was presented to the Board and projects a year-end municipal **surplus of \$538,799**. Ontario Works and Children's Services are forecasted to be on budget. Community Housing is forecasted to be under budget by \$63,678. Paramedic Services is forecasted to be under budget by \$192,989. Interest revenue on non-reserve accounts is forecasted to be \$282,132 more than budgeted.

The DSB quarterly financial reports are available on the DSB website by clicking the following link: [Quarterly Financial Reports](#)

Paramedic Services

Paramedic Services

Paramedic Services staff continue to actively recruit Primary Care Paramedics (PCP) in an effort to address Health Human Resources challenges. These challenges are not unique to Manitoulin-Sudbury DSB, rather they extend across the province and in large part stem from high attrition rates/low graduation rates from the Provincial PCP college programs. In the second quarter of 2025, Paramedic Services has been able to recruit 3 PCP staff, with two of those staff able to secure full time employment. During this same period, Manitoulin-Sudbury DSB lost 3 staff who were unsuccessful in obtaining their provincial certification.

Work with CTS Career College and Cambrian College allowed for 7 students to complete their final residency with Paramedic Services Service Educators. Staff continue to work with partners at Cambrian College, College Boreal and CTS Sudbury to attract more students to Manitoulin-Sudbury DSB for their residences. One Cambrian student will begin their residency in July, while 6 students from CTS will start around the same time. Each of these students will be engaged for employment following their graduation in late summer.

Paramedic Services began efforts to recruit Advanced Care Paramedics for positions on Manitoulin Island with the posting closing in June. Short listing and further assessments are underway. Notably, the service had more applicants than posted positions.

Resiliency education for Paramedics was developed by Dr. Nicole Ethier and provided in spring of 2025 during the in-person education sessions. The feedback from staff was extremely positive. Staff believe this program will provide support to each member.

Community Paramedicine (CP)

Commander Paola Oke has proven to be extremely beneficial with her approach to program growth. She also has quickly gained the trust of staff and partner agencies.

The CP program Navigator position has extended into its second year. Sarah is working with CP staff and Integrated Human Services members to assist client access to wrap around services, and to build relationships with Primary health providers in the LaCloche area. Sarah has developed a strong relationship with Community

Paramedics and the program is realizing the benefits as the system grows.

The first group of 3 Community Paramedics began their formalized education/CP Certification through Saskatchewan Polytech Institute, with an estimated graduation in spring of 2026. The remaining staff will be enrolled in 2026 and 2027. Additionally, all CP staff have their phlebotomy certification and will have their advance wound care designation by the end of 2025.

Efforts to expand the CP program with the Ontario Health Team and primary health partners was not successful as the Ministry of Health determined that no primary health care expansion dollars would be provided to increase CP programs.

Non-Urgent Patient Transportation Service (NUPTS)

The NUPST system continues to operate on a 7 day per week basis with two units operating Monday to Friday on ten-hour shifts and a single crew operating on a twelve hour shift over the weekend.

The staffing challenges experienced in 2024 and the early part of 2025 have started to resolve with recruitment of new PTA staff and PSW staff. The team continues to work to engage potential employees and to collaborate with the education organizations providing trained recruits.

In the second quarter of 2025, NUPST resources completed 388 transports, up 10% over the first quarter. In June, the 138 transports were 12% over the monthly average for 2025.

Children's Services

The Manitoulin-Sudbury District has 21 licensed child care locations, including 14 centre-based sites in schools, 1 community-based centre, and 6 licensed home child care providers. In the second quarter of 2025, 624 children were enrolled, with 518 paying full fees and 106 receiving subsidies. This represents an 8% increase from the previous quarter and an 8.5% increase compared to Q2 last year, indicating modest growth despite ongoing staffing challenges in the sector.

Special Needs Resourcing supported an average of 63 children, from infants to school-age, during the 2nd quarter—a significant 17% increase compared to the same quarter last year. This growth

reflects improved early identification, increased developmental needs post-pandemic, and stronger collaboration between child care providers and support agencies. With growing awareness of inclusive practices, more children are being referred to and supported within licensed child care settings, ensuring they have the resources needed to thrive.

Waitlist data shows a decrease in demand for child care spaces, with 699 unique children on the waitlist in Q1 and 595 in Q2—a reduction of approximately 15%. This may indicate easing waitlist pressures due to increased access to spaces or families finding alternative care arrangements. Continued monitoring will be essential to understand these trends and guide ongoing planning.

EarlyON programs welcomed 3,948 visits from parents, caregivers, and children, this quarter—a 46% increase from Q2 2024. Programming continues to be offered through a mix of mobile, virtual, indoor, and outdoor options tailored to community needs. This growth may be attributed to stronger community outreach, post-pandemic recovery, expanded program offerings, and increased comfort with in-person participation.

System Development and Community Engagement

This quarter, the Manitoulin-Sudbury DSB advanced several initiatives aligned with the [2025–2030 Early Years and Child Care Service System Plan](#), focusing on access, inclusion, workforce, quality, and system administration.

In June, the DSB hosted a successful Deep Dive Professional Learning Day and Community Event featuring [Dr. Jean Clinton](#). The event engaged educators, EarlyON staff, service providers, and families in discussions on brain development, responsive care, and community well-being—marking a key milestone in sector collaboration and professional belonging.

Also in June, the DSB launched the Playful Work website (www.playfulwork.ca), a workforce development tool designed to support recruitment and retention by providing valuable resources to child care providers across the district.

Data and Strategic Planning

In April, the [2022/2023 Early Development Instrument \(EDI\)](#) results were presented to the Board. The report identified trends in developmental vulnerability across key domains and benchmarked

local results against other Northern Ontario regions. These findings will support targeted planning and early intervention in communities experiencing higher vulnerability.

To inform infrastructure planning, the DSB launched a regional child care needs assessment to gather updated data on age-specific demand, access barriers, and geographic pressures. The results will help prioritize expansion sites within the revised space creation strategy.

2025 Funding Guidelines

The Ministry of Education updated 2025 funding guidelines and space creation targets, as outlined in the Q1 report and May Issue Report. Manitoulin-Sudbury DSB's 2024–2026 target was reduced to 90 new spaces and funding increased by \$1.5M through the new ELCC Infrastructure Fund to support non-profit, community-based projects.

Ontario Works

In the second quarter of 2025, the Ontario Works/Temporary Care Caseload average was 479. Compared to last year at this time, the caseload has decreased by 2.64%.

Centralized Intake

137 applications were received by the Manitoulin-Sudbury DSB in the second quarter of 2025. Of the 137 applications received, 84 were auto-granted by the Ontario Works Intake Unit (OWIU), formally Intake and Benefits Administration Unit (IBAU), 8 were referred by the OWIU to the Manitoulin-Sudbury DSB for processing, 17 were transfers from another Ontario Works office, 23 were for Emergency Assistance which is completed online and sent to the local office for processing, and 5 applications were processed at the local office rather than being referred to the OWIU as certain applications are not being processed through the Intake Unit. The initial goal of Centralized Intake was to have 70% of applications completed by the OWIU. During the second quarter, 61% of applications were completed by the OWIU.

Winter 2025 Social Assistance Caseload Forecast

On May 20th, a communication was received from the Ministry of Community and Social Services outlining the winter 2025 social

assistance caseload forecast for the 2025-26 and 2026-27 fiscal years. The report forecasts an increase of about 8.8% for the Ontario Works caseload in 2025-26 and an increase of about 6.1% for 2026-27. ODSP caseloads are expected to increase by 2.9% for 2025-26 and 3.4% for 2026-2027.

Employment Ontario

The second quarter of 2025 marks our first complete quarter under the new Integrated Employment Services Model.

The Employment Services (ES) programs continue to be advertised and delivered from the Chapleau office. In the second quarter of 2025, we had 24 Case Managed Clients.

Quality Assurance

During the second quarter of 2025, the Quality Assurance (QA) Coordinator for the Child Care and Ontario Works programs focused primarily on training a replacement during a maternity leave. The new QA Coordinator successfully transitioned to the role at the beginning of Q2 by familiarizing themselves with the programs, forging relationships with Integrated Human Services staff, and engaging with community partners.

In April, the QA Coordinator facilitated the Integrated Human Services All-Staff meeting. Over the course of three days, staff had the opportunity to showcase the incredible work they do, presenting various programs, and processes, and participating in team-building activities. The session brought much-needed laughter and camaraderie to the office.

At the end of May, the QA Coordinator proudly represented the Manitoulin-Sudbury District Services Board at the inaugural Outdoor Play Conference, hosted by Our Children, Our Future.

Throughout this quarter, the QA Coordinator focused on relationship-building and network engagement, including participation from the Pedagogical Leads, Child Care Supervisors Network, and Local Service Provider Networks. Through collaboration with the Supervisor and Pedagogical Networks, an onboarding guide for new childcare staff in both English and French was developed. This guide is intended to support a smooth and consistent orientation experience to new employees joining the district.

The staff survey portion of the IDEA (Inclusion, Diversity, and Equity Access) project with Gallagher was completed, the results will be shared with management, along with recommendations and training opportunities. The next phase will involve a current-state assessment, led by the QA Coordinator, which is expected to be completed in early Q3. This phase includes gathering and assessing processes, policies, and procedures through an IDEA lens.

The QA Coordinator also continues to serve as the primary contact for the Child Care and Early Years IT Modernization Project. In this role, they provide valuable feedback on the development of a new system aimed at improving access to childcare and early years programs in Ontario.

During this quarter, the Quality Assurance (QA) Coordinator for Housing and Homelessness continued to prioritize collaboration with community organizations to help establish supports for future tenants. A vision mapping exercise was facilitated with key partners to identify existing community services and supports. This collaborative effort focused on leveraging current resources more effectively to address service gaps, strengthen partnerships, and co-create sustainable solutions aligned with the evolving needs of the supportive housing development.

The QA Coordinator also worked closely with the Integrated Human Services Manager for Housing to develop an Occupancy Agreement for future tenants of Cornerstone, the new Supportive Housing Build in Espanola. This agreement outlines tenancy expectations, including participation requirements and guidelines, ensuring tenants are well-informed and supported in maintaining their housing.

Community participation and meaningful engagement remains a priority within the catchment area. As of June 30, 2025, a total of 49 households (54 individuals) were listed on the By-Name List. Of these, 17 households identified as Indigenous. The geographical distribution is as follows:

- 16 households in the Lacloche area
- 28 on Manitoulin Island
- 0 in Sudbury North
- 5 in Sudbury East

The increase in identified individuals on Manitoulin Island and those identifying as Indigenous reflects stronger participation from First Nation community partners in utilizing the By-Name List to identify, refer, and monitor individuals experiencing homelessness in their communities.

It is important to note that this data was collected during the spring season. Of the 49 households experiencing homelessness, 10 were identified as unsheltered, representing more than a 50% increase of unsheltered households from the previous quarter.

In addition, the QA Coordinator participated in a two-day Traumatic Event Systems training with Kevin Cameron, followed by a tabletop simulation exercise in conjunction with the Paramedics' Mass Traumatic Event simulation. Later in the quarter, the QA Coordinator completed a two-day Level 1 certification in Violent Threat Risk Assessment (VTRA) alongside multiple community partner agencies.

The QA Coordinator also continued to review and analyze internal policies and procedures, with the goal of implementing updates that better support both service users and staff. A significant focus has been placed on workplace culture, emphasizing relationship-building and the creation of a resilient, positive environment that staff look forward to being a part of.

Community Housing

There were 788 applications at the end of the 2nd quarter. The applicant breakdown is as follows:

1 Bedroom 595
2 Bedroom 92
3 Bedroom 58
4 bedroom 43

Staff continue to identify and complete the application process with eligible applicants for the DSS program. All applicants receiving the benefit are deemed housed. As of the end of this quarter there were 210 active DSS recipients. At the end of Q1 there were 211 recipients and at this time last year there were 226.

Per DSB Policy, every effort is being made where the waitlist allows us to mix the Community Housing Buildings with RGI, Affordable

and Market Rent Tenants. As of June 30, 2025, we have successfully housed 26 market rent tenants and 138 affordable rent tenants. This represents 9% and 47% of our portfolio respectively and shows a decrease of 1 Market rent and an increase of 3 affordable rent from the last quarter. Comparably, at this time last year, we reported 23 market rent tenants (7%) and 136 affordable (45%)

As of the end of the 2nd quarter of 2025, 226/295 of the portfolio's units are designated as Smoke-free. This represents 76% of the full portfolio currently. Units are designated as turnover occurs or should the current resident choose.

Canadian Mental Health Association (CMHA) Annual Report

The CMHA annual report demonstrated that 2024 -2025 was a successful year for the program with no evictions reported in the LaCloche and Manitoulin areas. Providing support services, early intervention, and solutions that met people where they were helped ensure there were no evictions for those receiving support.

Like in previous years, the rising cost of food continued to make food insecurity a significant concern. Several supported individuals are already facing financial hardship, and accessing food remains a daily challenge. Food Rescue remains a priority and is an important way Housing Case Managers can support tenants.

The Housing Case Manager (HCS) in LaCloche has continued the partnership with Tanners Independent Grocers and now also with Lavish's Independent Grocers in Little Current to supply food to all buildings across Manitoulin Island and LaCloche area.

With this surplus of food many food-themed groups were hosted. 'Cooking for One' was particularly popular among the tenants, as it introduced new meal ideas in smaller portions, helping to reduce food waste.

Through the Second Harvest Program, the equivalent of 7,836 meals or 8,436 pounds of food, with an approximate value of \$37,880, was rescued and distributed to tenants.

The top five areas that Housing Case Managers provided case management support include: cleaning / organizing, physical health, mental health, eviction and hoarding tendencies.

Key Highlights of Services provided include:

- 25 individuals were supported with case management services.
- 100% of the “at risk” tenancies, who accepted services, were preserved, or are working towards a resolution.
- 100% of the “at risk” tenancies from the previous year (2023-2024) who continued to work with a HCM this year, were able to resolve their tenancy issues.
- 438 brief services were offered.

As we move forward, the team will focus on enhancing service delivery and community engagement. Changes have been made to the Community Paramedicine and Housing Support programs, including Monthly Wellness clinics and Education Sessions hosted by Paramedic Personnel which will be open to the public.

Capital Projects with Housing Services Corporation

Window replacement projects in Mindemoya and Little Current are progressing on schedule. In addition, feasibility studies are underway for Make-Up Air unit replacements in Noelville and St. Charles, as well as electrical assessments in Gore Bay and Mindemoya for main switchgear replacement.

Work Orders

During the second quarter of 2025, a total of 284 work orders were generated across departments: 210 for Community Housing; 18 for Administration Offices, and 56 for Paramedic Services. Of these, 174 Work Orders were closed or resolved. (A work order is considered closed once the work is completed in-house or upon payment of the invoice if completed by an external contractor). There were also 9 work orders issued for unit turnovers, mostly apartment units.

Enbridge

Following the completion of energy audits, we implemented significant efficiency improvements across our housing portfolio. We replaced a total of 95 refrigerators and 19 thermostats in apartment buildings, and spray foam insulation was installed in 31 family units. These upgrades will contribute to reduced energy consumption, lower utility costs, and improved comfort for tenants.

The tables and chart on this page present summarized youth charges by disposition and occurrence type that have been recorded in the OPP Niche RMS application. Of note... the Niche data sourced for this report page only lists youth charges that have had a disposition type entered against them. Therefore, please be aware that the counts of youth charges entries on this report page are under stating the potential sum of youth charges that are in OPP Niche RMS.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2025 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Detachment Board reports or Statistics Canada reporting.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2025 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Detachment Board reports or Statistics Canada reporting.
