FONOM

WHEREAS many municipalities in Ontario have seen an increase to their insurance rates due to Joint and Several Liability;

WHEREAS in 2015 the City of Greater Sudbury (the "City") entered into a contract with a contractor experienced in road construction projects to complete a project on Elgin Street in the City's downtown core;

AND WHEREAS the contract provided that the contractor would be the constructor for the project as that term is defined in the Occupational Health and Safety Act (the "Act");

AND WHEREAS an employee of the constructor operating a grader on the project struck and killed a pedestrian;

AND WHEREAS the City was charged with offences under the Act as the constructor and the employer;

AND WHEREAS after being acquitted at trial and on appeal, the Ontario Court of Appeal, in a decision issued on April 23, 2021, found the City to be liable for contraventions of the Construction Regulations as an employer as it employed quality control inspectors to monitor the quality of work on the project from time-to-time;

AND WHEREAS the Supreme Court of Canada, in a decision issued on November 10, 2023, was evenly divided 4-4 on the issue resulting in dismissal of the City's appeal;

AND WHEREAS the consequence of this decision is that municipalities in Ontario, as well as all other owners of property in the province, who wish to undertake construction, are subject to being charged and convicted as an employer for offences in relation to project sites for which they have no control and have, in accordance with the Act, contracted with an entity to assume plenary oversight and authority over the work on such site as the constructor; AND WHEREAS the potential of an owner being charged as an employer as that term is defined in the Act in circumstances where it has engaged a constructor disregards and renders meaningless the owner-constructor provisions contained in the Act and presents an unacceptable level of increased risk and confusion for owners and contractors throughout the province;

AND WHEREAS the The Town of Northeastern Manitoulin and the Islands believes that the safety of workers is paramount however the safety of workers on construction projects in Ontario is not increased by placing liability on parties that do not have control of and are not responsible for the conduct of the work on such sites;

NOW THEREFORE BE IT RESOLVED THAT the Council for the Town of Northeastern Manitoulin and the Islands requests that the province amend the Occupational Health and Safety Act to clarify the definition of "employer" to exclude owners that have contracted with a constructor for a project;

AND BE IT FURTHER RESOLVED THAT this motion be provided to the Honourable Doug Ford, Premier of Ontario, the Honourable David Piccini, Minister of Labour, Immigration, Training and Skills Development, the Honourable Paul Calandra, Minister of Municipal Affairs and Housing, France Gelinas, MPP for Nickel Belt, Jamie West, MPP for Sudbury, the Association of Municipalities of Ontario, the Federation of Northern Ontario Municipalities, Ontario's Big City Mayors, Mayors and Regional Chairs of Ontario, Northern Ontario Large Urban Mayors, the Council of Ontario Construction Associations, the Ontario Chamber of Commerce and all Ontario municipalities, and the Clerk of the City of Greater Sudbury.

MANITOULIN NORTH SHORE VICTIM SERVICES PRESENTATION
BY AMY COLLINS EXECUTIVE DIRECTOR

Amy presented a slideshow with a rundown of the services MNVS has. They service the areas in the Manitoulin – Northshore region. They provide short term crisis response, assistance, and

referrals such as counselling, shelter, financial assistance, addictions & mental health services, legal aid, police, and practical assistance. MNVS administers two ministry programs VCAO and VQRP+. They also provide the MTS (Mobile Tracking System) program.

VCAO (Victim Crisis Assistance Ontario)

Provides crisis intervention services to victims of crime.

VQRP+ (Victim Quick Response Program)

Provides timely assistance to eligible victims of the most violent crime.

MTS (Mobile Tracking System)

GPS tracking device provided to individuals at high risk of violence. Designed to assist in the prevention of domestic violence and criminal harassment.

PROJECT LIFESAVER -

Radio based tracking system for high-risk, vulnerable individuals who may be at risk of wandering.

- 2023 9 calls and 4 had tracking device

Amy advised that MNVS had a total of 294 calls for assistance. Domestic Violence being the top reason at 103.

Contact number for Manitoulin Northshore Victim Services is 705-370-3378

Amy - mnvs@vianet.ca

Slideshows can be shared upon request.

FESTIVE RIDE RESULTS REPORT MANITOULIN

Inspector R. WALSH advised from November 2023 to Jan 1st both on Manitoulin Island and the Espanola area:

- 171 RIDE Checks with over hundreds of vehicles checked.
- 460 hours spent on RIDE checks.
- 18 drivers were charged with impaired driving.
- 29 impaired driving charges (52 charges in 2022 and 94 in 2023)
- 2 warn range suspensions.
- 97 random breathalyzers tests
- Manitoulin OPP number 1 in the region for this program in 2023

Costs for the RIDE program are included in municipalities core policing costs.

NEW BUSINESS

OPP DETACHMENT COMMANDER COMMENTS

Inspector R. WALSH advised from 2023 year-end report that there will be no large increases of calls.

Still being the largest call for service is domestic violence and neighbor disputes.

Year to Date up to Dec 12th stats – 15,273 calls for services 6,600 of these calls were by officers.

Road by stops have gone up 85% from last year from 31,000 to 56,000 and noted this is due to having more officers in the detachment.

In November they held a Ride program at the Bridge in Little Current along with the MNR. They completed 750 stops and out of these stops there were 200 hunters. 8 deer, 1 rifle and ammunition and 6 tags were seized.

Inspector R WALSH advised committee of some staff changes for the detachment:

- With Officer John Hill's promotion from Community Safety Officer, the Inspector is looking to hire a replacement for that position by the end of the month. Once the position is fulfilled there will be a push for presence within the community schools and communities.
- The Crime Unit will be expanded by 2 full-time officers with investigating background and court procedures.
- By May 2024, the detachment will expand by 8 more officers.
- Currently the number of officers within the Manitoulin – Espanola detachment is 80.
- In April plans to have an ER program (Emergency Response Team)
- Staff Sargent change Mike Baker
- Looking for another staff Sargent in the next couple weeks, this will ensure number of Sergeants to officers is up to the service model 7 to 1.

Inspector R WALSH advised that now that we have snow, and the snowmobile trails will be open there are plans to have ride programs on the snow trails over the next few months.

PROACTIVE POLICING

Al Boyd advised he had citizens within NEMI advise their cottages were checked on by OPP and they were very Thankful for this service. Inspector R WALSH advised the committee members that the OPP do perform checks on cottages, and you will know if they are there by a red take that is put on the door advising they were there and if everything looks good will be noted. If there is any concern they will reach out to the registered owner.

Al Boyd presented the CamSafe Program - camsafe.ca.

This program is like a neighborhood watch program. If you have Security cameras outside your place of business or residence you can register to the program. This program allows OPP to know who has cameras which will save time from knocking on doors when looking into an investigation.

Once you register you put on a map. This could be a great resource for the police.

No data or live link is provided or accessible. Only you have direct access to your Security system. This is a resource to allow police to know the location of cameras and if police require access to your footage, they will reach out to you and make a request.

AL Boyd is going to show this service to the Business Group for NEMI as it might be something of interest.

ROUND TABLE

Steve SHAFFER – Central Manitoulin – Kudos to all the visible officers in the community, no community concerns

Kelly CHAYTOR - Gore Bay – Advised Inspector R WALSH Town of Gore Bay council approved lower speed limit within the town limits to 40 kms unless posted. I.e., School Zone.

This change will happen on the May long weekend with education and media notice happening before this weekend. Inspector R WALSH – Advised he can have officers assist with educating drivers when the change happens. Kelly also questioned if there was anyone available to breakdown & explain the billing summary reports to council members and staff. Inspector R WALSH is coordinating with Kelly for an MPB officer to meet with herself and town of Gore Bay treasurer in February.

Another concern was of an incident that took place in Gore Bay on Water Street on December 28th where there were police presence and swat team members. Kelly asked what the procedure is to advise the community and town office of police presence in the community. As concerns were with local business and residents were close to this area and were not notified. Inspector R WALSH advised first job for officers is to deal with police matters at head and when there is concern for the community OPP do post social media notices.

Jack GOULD – Gordon/Barrie Island – Sent regrets nothing mentioned to report.

Frank KLODNICKI – Assiginack – Citizen concerned about a traffic stop resulting with vehicle parked at the end of their driveway, left to be picked up by tow truck. This resulted in the driveway being blocked off until it was removed. Inspector RWALSH advised citizen can call into the 888-310-1122 to be informed of what takes place when something like this happens.

Bryan BARKER – Billings – Noted community is quiet - No community concerns.

Kim MIDDLETON – Burpee Mills – No community concerns – Question about Camsafe – Are security cameras on properties admissible in court? Yes, they are if they can provide a clear picture of the person(s). No need to have a sign posted in the yard advising of cameras.

Steve WOOD – Tehkummah – No community concerns – Noted was at a first response incident and advised police officer who attended was very professional. Also asked once there is a new community safety officer appointed the senior group would like some presentations i.e., Fraud awareness.

Al BOYD – NEMI – No community concerns - Noted community sees more presence in the community and offered Kudos to the detachment on doing a great job.

FINAL REMARKS

Al BOYD Thanked everyone for attending and asked CPAC committee members if they would like other community partners to join our meetings to inform them of other services and programs available. I.e., Drug addictions and mental health organizations.

All agreed.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2023 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Police Services Board reports or Statistics Canada reporting.

Note to Detachment Commanders:

- The content of each report is to be shared by the Detachment Commander only with the municipality for which it was generated. The municipality may treat this as a public document and distribute it as they wish.
- All data is sourced from the Niche RMS application. Included are 'reported' occurrences (actuals and unfounded occurrences) for 'billable' occurrences ONLY. Data is refreshed on a weekly basis.
- The Traffic category includes motor vehicle collision (MVC) occurrences entered into Niche (UCR code 8521). MVCs are NOT sourced from the eCRS application for this report.
- Only the primary violation is counted within an occurrence.
- Time standards displayed are for the 2023 billing period.

Note to Municipalities:

- Data contained within this report is dynamic in nature and numbers will change over time as the Ontario Provincial Police continues to investigate and solve crime.
- This report is NOT to be used for crime trend analysis as not all occurrences are included.
- Data groupings within this report do not match traditional crime groupings seen in other public reports such as the OPP Police Services Board reports or Statistics Canada reporting.

LOCATION

- Where do we work?
- Manitowlin Island & the Northshore from Walford to Nairn Centre

When can you call?

- Emergency Police Services can call 24 hours a day, 7 days a week, 365 days a year
- Other community partners and self-referrals will be addressed during business hours.

Office Location

- Little Current- 54 Boosneck Rd, Unit 101 (OPP Station)

AN OVERVIEW OF VICTIM SERVICES

Who can we assist?

- Any victim, family member or witness who has been affected by crime, tragic circumstance or disaster

What do we do?

- We provide short term crisis response to victims of crime and tragic circumstance
- We provide emotional and practical assistance
- We provide referrals to other organization for longer term care if needed

AN OVERVIEW OF VICTIM SERVICES

- We receive a call from...
 - **Police Services**
 - **Community Partners** (Other agencies, hospitals, counsellors, schools, etc..)
 - **Self-Referrals** (Victim themselves, a family member or friend)
- Staff or a Team Leader takes the information and, if needed, dispatches a team of 2 specially trained Crisis Responders to the scene or an alternate safe location to meet with victim(s) If no on scene support is needed, calls can be taken care of virtually
- We facilitate safe drop off of security items & other necessary items as needed

EXAMPLES OF LONG-TERM REFERRALS

- If the individual needs long term supports..
 - Counselling (MFR, NOOJ, Community health centre, NIHB etc.)
 - Shelter & then contact DSAB or Aboriginal Housing if from an Indigenous community
 - V/WAP if involved in court process
 - MSDSB for financial assistance & Ontario Works (OW)
 - CMHA (shelter, community assistance)
 - Programming for bereavement
 - Programming/hospital for addictions/mental health
 - Police (haven't reported the crime yet, restraining order/peace bond, general questions)
 - Court (child custody & access)
 - Legal Aid

This is all dependant on the persons needs/what they have been a victim of

PRACTICAL ASSISTANCE

- Accompaniment
- Safety Planning
- Clothing
- Food, beverage
- Personal hygiene products
- Reading material
- Emergency Transportation
- Emergency kit bags
- Gas Cards
- Hotel Accommodations

WHY CALL VICTIM SERVICES?

- Police can attend other calls knowing the victim(s) is receiving appropriate and professional assistance
- The earlier a victim seeks assistance the easier it is to recover from the event
- Victims who have had their needs attended to effectively, are often able to better recall details important to on-going investigations
- Well supported victims are less likely to recant and are better prepared for court
- We can assist with referrals to long-term helping services
- VQR+ benefits can be provided in some circumstances (deadlines to apply)

PURPOSE OF THE MTS PROGRAM

- High risk safety program designed as an intervention strategy to address the need to enhance the safety of individuals at high risk of cases of mainly Intimate Partner Violence & Criminal Harassment
- For some Individuals, the initial impact is heightened by an ever present and real fear of continuing violence
- Combining the device and an active safety plan may assist the Individual in feeling more empowered and help them return to their state of normalcy

*****The Mobile Tracking System is only ONE piece of the Individuals Safety Plan and shall NOT be relied on as a life saving device*****

HOW THE DEVICE WORKS

- This device offers a silent alert that when pushed by the victim who is in danger will notify EyeZON dispatchers who will then notify Police dispatchers in the victim's area
- Web based program (google maps shows victim's location via EyeZOn website- access through secure login)
- Police will be dispatched to the victim's location by way of GPS coordinates or actual location as indicated on the map (if they have access to the EyeZOn profile's through the Universal Police Link)
- Police will be dispatched within their jurisdiction
- If given permission from their Police Service, dispatchers are able to view this map as a live feed from the devices location and can follow the victim's movements as the map will refresh every 60 seconds after the button has been pushed for up to one hour
- Monthly follow-up with victim
- Safety-plan
- Exiting the program

Project Lifesaver

Proudly supported by:

WHAT IS PROJECT LIFESAVER?

- Combines radio technology with a coordinated police response to locate wandering and disoriented loved ones due to Alzheimer's, autism or other conditions or disorders
- Project Lifesaver participants wear a personalized battery powered wristband that emits a unique radio tracking signal 24/7
- Waterproof device & worn 24/7
- Battery changed every 60 days by VS volunteer
- Caregiver tests battery daily
- When caregivers notify police that the person is missing, Project Lifesaver trained Police officers respond to the area where the lost person was last seen and utilize specific Project Lifesaver Equipment to conduct the search
- Locating times for Project Lifesaver participants average 30 minutes, which is 95% less time than standard operations without Project Lifesaver
